Greater Shepparton's

Heritage Open Day

SATURDAY 28 OCTOBER

Visit your heritage free

Welcome to the Greater Shepparton Heritage Open Day.

This free day has been organised by the Greater Shepparton Heritage Advisory Committee in conjunction with Council.

It was inspired by 'Open House Melbourne' when hundreds of buildings (not only heritage places) are open.

On the Greater Shepparton Heritage Open Day you can visit, FREE, over 40 places of heritage and historical significance in Greater Shepparton.

Some have never been opened to the public before, and many are rarely on view.

Other familiar places will come alive as you visit and hear their stories.

Included are all the Museums and collections run by the historical societies: normally an entrance fee is charged.

Greater Shepparton has an interesting history. Aboriginal peoples inhabited the area for thousands of generations. Europeans arrived in the mid nineteenth century, and developed a thriving agricultural economy, centred on the city of Shepparton, with many service towns. Subsequent settlement has gone on to welcome people from many corners of the world.

This has resulted in a wealth of heritage places, a diverse and unique range of both buildings and sites.

The Heritage Open Day will showcase many of these.

There are three ways to visit our heritage place:

- Many venues are opening their doors for visitors to attend independently
- Bus tours
- Walking tours

Buses for the tours have been generously provided, free, by the Dyson Group.

Printing of these booklets has been kindly donated by well-known local printers Prominent Group.

The Ethnic Council of Shepparton and District has provided a bus tour to the mosques and temple in our municipality.

A big thank you to both companies and to the Ethnic Council.

You may have to make hard decisions! Getting from one place to another takes time in an extensive municipality such as ours. With careful planning you should be able to do a few different things. The Committee has tried to stagger tour and venue times, while fitting in with what the generous venue owners and proprietors are able to offer.

Remember: suitable footwear, water, sun protection. And watch your step at all times.

Please treat these properties with respect, mindful of how generous-spirited the owners and proprietors have been in opening on this day.
