

# MOOOVING ART

**A unique, ever changing public art display!**

## WHAT IS MOOOVING ART?

Moooving Art is a colourful herd of life-sized, 3D fibreglass cows that roam Greater Shepparton's parks, gardens and public spaces. Each cow is painted by local artists and celebrates the region's strong dairy roots - with a splash of creativity and a whole lot of personality!

With over 90 cows in the herd, they're always on the mooove - changing locations, popping up at festivals, and going on adventures. Visitors are encouraged to pat, pose, and play with these udderly unique artworks. Scan the QR code to access the map and discover what's nearby. Follow the herd, and don't forget to check out the latest updates at [www.sheppandgv.com.au](http://www.sheppandgv.com.au)

RiverConnect

Moonster

What a Hoot

Blossom

Pearfection

Christmas Cows (Blue Belle, Yellow Belle, Purple Belle)

**Moovement Alert!**

Our herd is always on the mooove! This list of cow locations is current as of **29 April 2026**, but here's the thing... our cows love adventures! Sometimes they're off getting a fresh coat of paint, getting ready for a big event, or sometimes they've been out exploring and the ground's just too soggy for them to return to their favourite field. And yep, just like real animals, they don't always stay put! We try our best to keep track of them - but you know what it's like working with cows! For the latest cow-ventures, follow us on Facebook and Instagram: [@sheppandgy](#).
